

YP - Day 9 - 03/06/2021

Saturday, January 9, 2021 10:07 PM

Let's continue the project - Mystery Letter

Review the HTML tag we learned in last class:

The <p> paragraph tag is introduced in the 'Happy Birthday' project.

The tag is used to group smaller pieces of text inside a paragraph so that we can style them

1. Change the span style

span

```
{
  display: inline-block;
  margin: 8px;
  box-shadow: 1px 2px 2px grey;
}
```

2. Class Introduction

.newspaper

.magazine1

.manazine2

add transform: rotate(-5deg); to make the text rotate

add the class: .rotateleft{ transform: rotate(-5deg);} ----- introduce that using two class for one span

introduce the transform css

3. Introduce the search and use font from google

jump.to/cc/web-fonts

Other fonts: <https://www.typewolf.com/google-fonts>
